

THE PHONICS TRAIL

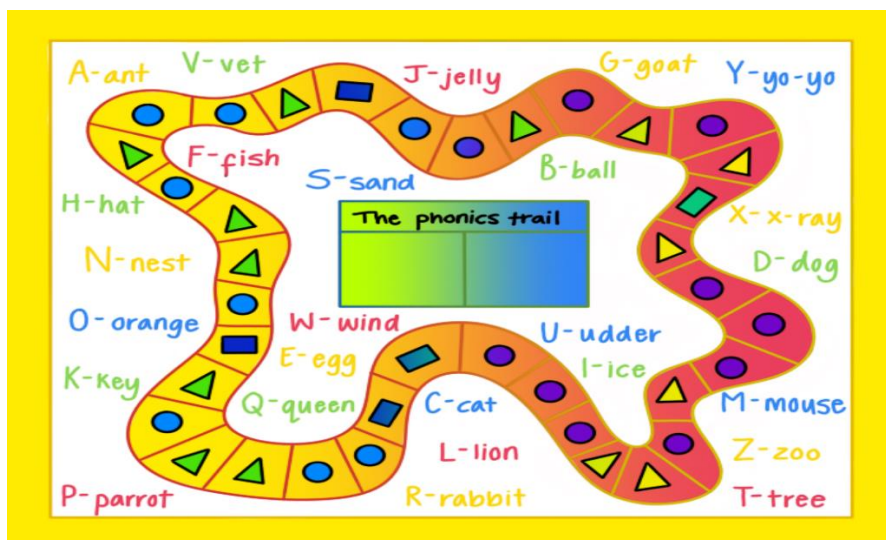

Teleport Games are very pleased to Present, The Phonics Trail!

A Game designed for our young learners, families, and schools alike.

The game is Designed to enhance cognitive response to Phonics, whilst having fun. There is also an Element of recognition of numbers, via a dice.

We also incorporated extension activities within the game, to further stretch and challenge young minds and their ability.

This game has no outright winners, as every participant is a winner.

In This game there is no start point or end point, this alleviates the feeling of being left behind, coming last and protects the feeling of defeat.

Players can start wherever they like and travel in any direction, via a dice roll.

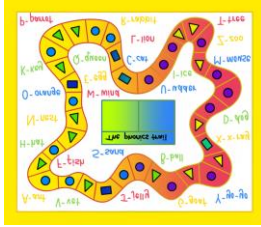

On each dice roll Players can state the number on the dice, and then move their counter, in direct relation to the dice roll.

Once the counter has been moved the Player, Parent or Teacher takes a tile from the middle pile of face down tiles the pack, the player must sound out the Phonic to complete their go. assistance is allowed.

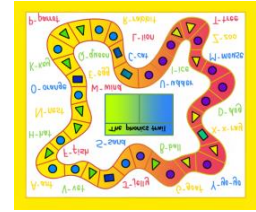

Extension suggestions.

Extensions can be incorporated in the game, such as:

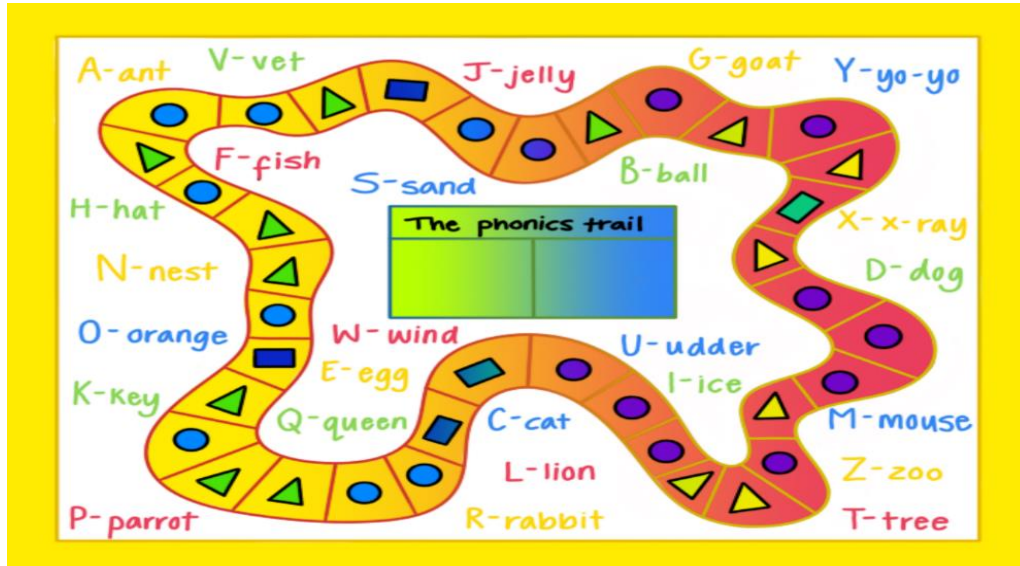

- Make a word out of the phonics chosen. Say the word,
- Write the word they have stated from the phonics tile.

THE PHONICS TRAIL

This Game is one of our scalable games and can be purchased in the following sizes:

600mm x 600mm Standard size.

800mm x 600mm Larger Families.
